# Who We Are

## *Mission*

Preserving Valencia County traditions by promoting and enhancing local business development through civic, social, cultural, and employment training programs.

## *About Us*

The chamber's ultimate goal is to create economic development. It believes that an educated workforce is a more productive workforce and that ultimately makes Valencia County a great place to start a business or attract existing companies.

HCVC holds it's "World's Largest Matanza" each January as a way to raise money to provide college scholarships to Valencia County college students. To date, the event has raised more than \$130-thousand dollars in scholarships and helped more than 200 students meet part of their financial needs.
