MATANZA
MATANZA
MATANZA

What is a Matanza?

La Matanza, in New Mexico has been a traditional, annual event since the coming of such early Spanish and Portuguese explorers as Juan de Oñate and Coronado over four hundred years ago.

The purpose of the Matanza was originally a harvest of meat in the fall or winter. Over time, it, La Matanza became an integral part of the Hispanic culture in every village; it is a social ritual that transcended its original purpose of feeding us to the equally important job of preserving and maintaining the lifelong bonds of immediate and extended family. Moreover, La Matanza became the social adhesive which helped to unite and bond together whole communities.

The Hispano Chamber of Valencia County invites all to be a part of this tradition. This tradition is held annually in Belen at Eagle Park and has now become the World's largest Matanza!

Become a part of this event in 2023!

Los Lunas High School Girls Volleyball

The 2022 LLHS Tiger volleyball team had big goals for this season. We wanted to take district, make it to state and take state. We came short of one goal but now we know what we need to work on to achieve all of our goals. We ended the season 15-7 which included going 10-0 in district. The team came together and played for each other which made it a great season. We had several girls with awards.
