

Donors are matched with families based on their preferences — whether you'd like to support an individual, a small family, or a large one.

- No spending minimum or maximum. You may give as much as you feel comfortable.
- Family information & wish lists provided. You'll receive some background about the family you're adopting, along with a wish list of items they would enjoy or find helpful.
- All donations should be new and unwrapped. We'll provide wrapping supplies so families can experience the joy of wrapping gifts for their children and being part of the magic of the season.
- Families are thoughtfully selected. Each family in this program has been chosen because they are facing unforeseen hardships or difficult circumstances.

Together, we can make this season brighter for families in need.

If you are interested in being matched with a family, please email andrea@lvfnm.org.

All donations due by December 16th
