Mission

Preserving Valencia County traditions by promoting and enhancing local business development through civic, social, cultural, and employment training programs.

About Us

The chamber's ultimate goal is to create economic development. It believes that an educated workforce is a more productive workforce and that ultimately makes Valencia County a great place to start a business or attract existing companies.

HCVC holds it's "World's Largest Matanza" each January as a way to raise money to provide college scholarships to Valencia County college students. To date, the event has raised more than \$130-thousand dollars in scholarships and helped more than 200 students meet part of their financial needs.
